7/16/75--Quick note. Any suggestions re Kelley letter? I don't think FOIA provides for what Kelley is asking me to do, and am inclined to write him and request copy w/o authroization, asking him to cite provision in law under which I am required to get one. I'll wait till I hear from you. Also, have you made FOI request for NAA docs from AEC? I'd think that would be a logicial follow-up. I'm willing to make the request.

Best,

Howard
